At the August 7, 2025 meeting of the Michigan Public Service Commission in Lansing,  
Michigan.

PRESENT: Hon. Daniel C. Scripps, Chair  
Hon. Katherine L. Peretick, Commissioner  
Hon. Shaquila Myers, Commissioner

**ORDER APPROVING SETTLEMENT AGREEMENT**

On March 12, 2025, Upper Michigan Energy Resources Corporation (UMERC) filed its application in this docket, with supporting testimony and exhibits, for authority to reconcile its energy waste reduction (EWR) costs and revenues for the 12-month period ended December 31, 2024.

A prehearing conference was held on May 7, 2025, before Administrative Law Judge Christopher S. Saunders (ALJ), at which the ALJ granted intervention to Tilden Mining Company L.C. UMERB and the Commission Staff also participated in the proceeding. Subsequently, the parties submitted a settlement agreement resolving all issues in the case.

The Commission has reviewed the settlement agreement and finds that the public interest is adequately represented by the parties who entered into the settlement agreement. The Commission

notes that the settlement agreement as filed contains a typographical error on page 2. Specifically, Paragraph 5.b. states in pertinent part “and the 2024 EWR electric result is a total net under-recovery of \$78,453 including interest through December 31, 2023.” Settlement agreement, p. 2. As is clear from the remainder of that paragraph and the settlement agreement as a whole that the parties intended to reference December 31, 2024, the Commission finds that this error is *de minimus* and is corrected to reflect the proper year.

Notwithstanding the above, the Commission finds that the settlement agreement, with the above noted correction, is in the public interest, represents a fair and reasonable resolution of the proceeding, and should be approved.

THEREFORE, IT IS ORDERED that:

A. The settlement agreement, attached as Exhibit A and corrected by this order, is approved and the revised energy waste reduction surcharges set forth in Attachment 1 to the settlement agreement will take effect with the first billing month immediately following the issuance of this order.

B. Within 30 days of the date of this order, Upper Michigan Energy Resources Corporation shall file with the Commission tariff sheets substantially similar to Attachment 1 to the settlement agreement. After the tariff sheets have been reviewed and accepted by the Commission Staff for inclusion in Upper Michigan Energy Resources Corporation’s tariff books, Upper Michigan Energy Resources Corporation shall promptly file the final tariff sheets in this docket and serve all parties.

The Commission reserves jurisdiction and may issue further orders as necessary.

Any party desiring to appeal this order must do so in the appropriate court within 30 days after issuance and notice of this order, pursuant to MCL 462.26. To comply with the Michigan Rules of Court's requirement to notify the Commission of an appeal, appellants shall send required notices to both the Commission's Executive Secretary and to the Commission's Legal Counsel.

Electronic notifications should be sent to the Executive Secretary at [LARA-MPSC-Edockets@michigan.gov](mailto:LARA-MPSC-Edockets@michigan.gov) and to the Michigan Department of Attorney General - Public Service Division at [SheaC1@michigan.gov](mailto:SheaC1@michigan.gov). In lieu of electronic submissions, paper copies of such notifications may be sent to the Executive Secretary and the Attorney General - Public Service Division at 7109 W. Saginaw Hwy., Lansing, MI 48917.

<b>MICHIGAN ENERGY RESOURCES</b>	)	Case No. U-21676
<b>CORPORATION</b> for authority to reconcile the	)	
2024 electric and natural gas energy waste reduction	)	
<u>costs and revenues and related approvals.</u>	)	

**SETTLEMENT AGREEMENT**

As provided in § 78 of the Administrative Procedures Act of 1969 (“APA”), as amended, MCL 24.278, and Rule 431 of the Michigan Administrative Hearing System’s Administrative Hearing Rules, 2015 AC, R 792.10431, Upper Michigan Energy Resources Corporation (“UMERC”), Tilden Mining Company L.C. (“Tilden”), and the Michigan Public Service Commission Staff (“Staff”) hereby agree as follows:

1. On March 12, 2025, UMERC filed with the Michigan Public Service Commission (“Commission”) its application, along with the testimony and exhibits of its witnesses James M. Beyer and Diane J. Mier to reconcile its electric and gas energy waste reduction (“EWR”) revenues and costs for the 12-month period ending December 31, 2024.

2. On April 4, 2025, the Commission’s Executive Secretary issued a Notice of Hearing directing UMERC to mail a copy of the Notice of Hearing to all cities, incorporated villages, townships, and counties in its service area and to intervenors in Case Nos. U-21326, U-21541, and U-18061. The Commission further directed UMERC to publish the Notice of Hearing in daily newspapers of general circulation throughout its service area. UMERC filed with the Commission the affidavit of mailing and proofs of publication prior to the prehearing conference.

3. On May 7, 2025, Administrative Law Judge Christopher Saunders presided over a prehearing conference in this matter. Staff and the Company participated. Tilden's petition to intervene was granted.

4. Staff completed a financial audit of the 2024 plan year collections and costs reconciliation. Staff tested the general ledger accounts for surcharge revenue and payments to the state appointed EWR program administrator, Efficiency United, to the numbers filed in this case. Staff also sampled bill copies of customers to ensure the appropriate surcharges were billed to specific customer rate classes. Staff represents that the Efficiency United Report shows the programs, as a whole, met the legislative targets for both electric and natural gas in the 2024 plan year.

5. Subsequently, the parties engaged in settlement discussions and, as a result, reached agreement on all of the issues in this case. The parties to this settlement agreement agree as follows:

- a. UMERG made payments of \$114,983 and \$422,465 for its gas and WPSC Rate Zone electric service respectively, and \$3,083,114 for its WEPCO Rate Zone to the Independent Energy Waste Reduction Program Administrator in 2024.
- b. For the reconciliation of the 2024 EWR gas and WPSC Rate Zone electric revenues and payments, the 2024 EWR gas result is a total net under-recovery of \$59,542, including interest through December 31, 2024, and the 2024 EWR electric result is a total net under-recovery of \$78,453 including interest through December 31, 2023. These results shall be rolled into the beginning balance of the gas and electric WPSC Rate Zone

2025 EWR costs, respectively, and reflected in the revised EWR surcharges set forth in Attachment 1 hereto.

- c. For the reconciliation of the WEPCO Rate Zone 2024 EWR revenues and payments, the resulting total under-recovery of \$267,915 including interest through December 31, 2024, shall be rolled into the beginning balance of the WEPCO Rate Zone 2025 EWR costs, and reflected in the revised surcharges set forth in Attachment 1 hereto.
- d. The revised surcharges set forth in Attachment 1 should go into effect with the first billing month immediately following the issuance of the order approving settlement agreement.

6. All of the signatories are of the opinion that this settlement agreement is reasonable, in the public interest and will aid the expeditious conclusion of this case.

7. This settlement agreement is intended to be a final disposition of this proceeding, and the parties join in respectfully requesting that the Commission grant prompt approval. The parties agree not to appeal, challenge, or contest the Commission's order accepting and approving this settlement agreement without modification. If the Commission does not accept the settlement agreement without modification, the agreement shall be withdrawn and shall not constitute any part of the record in this proceeding or be used for any other purpose whatsoever.

8. This settlement agreement has been made for the sole and express purpose of settling this case, and all discussions relating hereto are and shall be privileged and shall not be used in any manner or be admissible for any other purpose in connection with this proceeding or any other proceeding hereof. This settlement agreement does not constitute precedent in any other case or proceeding. Without limiting the generality of the foregoing, this settlement

agreement shall not constitute *res judicata* or collateral estoppel as to any issue. Neither the parties to the settlement nor the Commission shall use this settlement agreement or the order approving it, as precedent in any case or proceeding; provided however, reference may be made to enforce or implement the provisions thereof in subsequent EWR proceedings.

9. The parties agree to waive Section 81 of the APA of 1969, as amended, MCL 24.281, as it applies to this proceeding, if the Commission approves this settlement agreement without modification.
